## Heritage designs - classic old- world charm

**Prowler Proof's Heritage range of products delivers old world charm, in our famously strong welded frame with seamless corners.**

The Heritage range of decorative panels are hand cast from molten aluminium. Imperfections are created in the manufacturing process that recreate the look and feel of years gone by. This charming range is well suited to homes of character that don't need the performance levels of security.

Due to the nature and design of these cast panels, they do not meet the testing performance requirements of the Australian Standards to be classified as a security door. However, added safety can be achieved using a triple point lock with a Prowler Guard. You also have the choice to add a fly screen gauze.

With a wide range of charming designs, in a selection of over 300 colours, you can find the perfect match to suit your home.

- Welded – no screws or rivets
- Good transparency
- Excellent airflow
- Insect protection
- Heavy duty aluminium frame
- Rust-free cast aluminium panel
- Heritage doors are not Security doors (as AS5039)
- Use with a triple lock and Prowler Guard for a higher level of safety
- Fly screen gauze options
- Seamless corners
- More than 300 colours
- Corrosion resistant
- Low maintenance
- 10 year replacement warranty
